Engineering Portfolio: bit.ly/wyattbarnes

EDUCATION

California Polytechnic State University, San Luis Obispo
Blended BS + MS, Mechanical Engineering, Physics Minor

GPA: **3.96**
Expected Graduation: **May 2027**

EXPERIENCE

Mechanical Engineering Intern

June 2026 – August 2026

Epic Aircraft, Bend, OR

- Led manufacturing process improvement project focused on aircraft profile and body work
- Communicated with a variety of technicians and engineers to achieve project goals within deadline

Makerspace Shop Technician

December 2025 – Present

Cal Poly Mustang Makerspace, San Luis Obispo, CA

- Served as a shop technician overseeing 56+ FDM 3D printers, laser cutters, and embroidery machine
- Provided technical guidance on student projects, maintained and repaired digital fabrication tools

Undergraduate Research Assistant - Prof. Ramanan Sritharan

June 2025 – Present

Cal Poly Multifunctional Materials Lab, San Luis Obispo, CA

- Performed open-hole tensile testing on 0.025 and 0.050 wt% carbon-nanotube-reinforced epoxy panels
- Delivered technical presentations to professional audiences at CAMX 2025 & SAMPE 2026

I-Beam Design Team Member

September 2025 – Present

Cal Poly SAMPE Chapter, San Luis Obispo, CA

- Designed lightweight composite I-beam layup schedules (carbon fiber, fiberglass) intending to bear load
- Fabricated beams from prepreg fiber (0°, ±45°, 90°) and 3-point-bend tested in Ametek 100 kN UTM
- Attended SAMPE 2026, placed 1st in Fiberglass I-Beam, 2nd in Carbon Fiber I-Beam, 2nd in Open Design

Mechanical Engineering Intern

June 2024 – June 2025

PAE Consulting Engineers, San Francisco, CA

- Utilized Revu, Excel, and Revit to create quality deliverables in all phases of AEC design cycle
- Collaborated with engineering professionals to design high-end, sustainable HVAC systems

Mechanical Team Member

March 2023 – Present

Cal Poly Human Powered Vehicle Club, San Luis Obispo, CA

- Used CAD to design and 3D print the vehicle's controller mount and ¼"-28 thread caps
- Dealt with carbon fiber composites to build the vehicle's front and rear fairings, fastener assemblies
- Attended ASME EFX eHPVC 2024, placed 3rd in Design competition and 2nd in Drag competition

SKILLS

- 3D Printing | SolidWorks (CSWA) | Ansys FEA | MATLAB | GD&T | Python | Fusion 360 | Netfabb
- 100+ hours in Cal Poly Machine Shops, certifications for lathe, welding, mill, and composites work

INVOLVEMENT

Captain, Cal Poly Club Ultimate Frisbee Team *San Luis Obispo, CA*

September 2022 – Present

Tau Beta Pi Honor Society *San Luis Obispo, CA*

June 2024 – Present

HONORS & AWARDS

4 x Cal Poly President's List

2022-27 Cal Poly Merit Scholarship Recipient

2026 Exceptional Achievement in Academics and Research – Cal Poly ME Department
